# WE DO ONE THING...AND WE DO IT BEST

For more than 40 years, Mid-State has been manufacturing and supplying quality hydraulic components to OEMs nationwide. When you need hydraulic hose assemblies, tube assemblies and adapters, turn to a leader in the industry. We've refined and perfected our manufacturing and processing systems to give you what you want...the on-time delivery of quality products at the most competitive prices.

*Get "Performance Under Pressure" from Mid-State.*

## THE MID-STATE PRODUCT LINE

### Hose Assemblies

Mid-State is your one source for hydraulic hose assemblies. Our entire line (low pressure to super high pressure) features the latest in hose and coupling technology...reliable "state of the art" assemblies for virtually any application. And, all our hoses are cleaned and capped prior to shipping to protect the integrity of your hydraulic system.

*Trust Mid-State hose assemblies to provide the durability and performance you demand.*

### Tube Assemblies

When your application calls for a tube assembly... call Mid-State. You get faster deliveries and pay less tooling charges because of our huge inventory of standard tooling. We can easily handle complex bending, flaring, beading, welding, brazing and special finishing of all materials from 3/16" OD to 2" OD.

*You'll get it right and you'll get it fast from Mid-State.*

### Adapters

It's a fact...hydraulic adapters have become commodity items. Some national vendors offer reliable delivery...but at high prices. Others offer lower prices but unreliable delivery. Mid-State delivers on-time and at the right price. Our line of adapters offers the best prices and highest fill rates in the industry.

*The choice is simple...Mid-State.*

## SIMPLIFY WITH MID-STATE

Why use three different vendors for your fluid transfer needs? Mid-State can simplify your business by serving as your one source for hose assemblies, tube assemblies and adapters.

*One order, one invoice, one vendor...Mid-State.*

# High Pressure Products, LLC

Mid-State proudly uses the quality components of many "name brand" manufacturers. However, we also offer HPP, our "house brand" line of hose assemblies, tube assemblies and adapters.

We found that none of the major, name brand companies in our industry have the complete mix of products necessary to satisfy the needs of many of our customers. HPP fills the gap.

HPP products offer the same quality as better known "name brand" counterparts, but at a lower cost. These products are manufactured by the Custom Manufacturing Services division of Mid-State, which adheres to stringent specification, manufacturing, testing and inspection methods. However, the low overhead cost of manufacturing and marketing the HPP line allows us to sell these products for less.

***A Mid-State sales representative can help you determine if the HPP product line is right for your application.***

## ***DELIVERIES ON-TIME...EVERY TIME***

You don't want excuses. You don't want missed deadlines. You don't want to have to follow-up. You simply want your orders delivered on time.

We understand. That's why we're the industry-leader in on-time deliveries. Our flexible manufacturing system transfers resources to the precise work centers required to meet your delivery needs. Our goal is to meet our promised delivery dates every time.

***You can count on Mid-State to deliver!***

## ***FAST, FRIENDLY SERVICE***

We want to be the fastest, friendliest and easiest company, in our industry, to work with. What does that mean to you?

- It means real people will answer your calls and respond to your needs quickly.
- It means it's easy to get quotes and technical assistance and place orders through our 1-800 Customer Service Hotline.
- It means we'll do everything in our power to make (and keep) you a satisfied customer of Mid-State

***You'll always get great service from Mid-State!***

## ***OUR CUSTOMERS SAY IT BEST***

*"Mid-State is a first rate organization that has totally satisfied our needs..."*

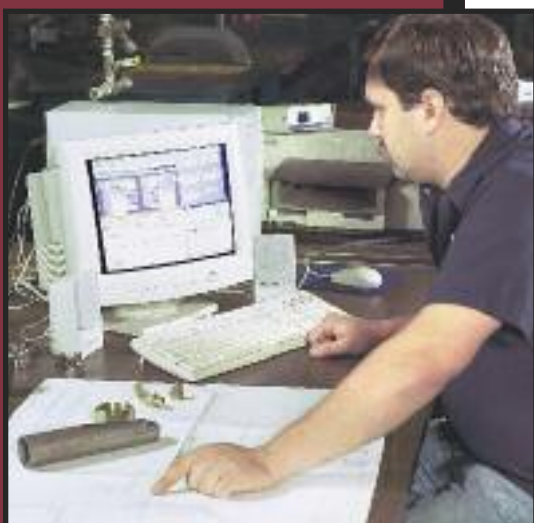

*"The support service that Mid-State had provided has been exceptional..."*

*"Mid-State's product has always been exactly as we specify and most importantly, has always been on our production line when needed..."*

*"Mid-State's on-time delivery, quality of product and pricing have helped us retain our number one position in the marketplace..."*

Can you say those things about your current supplier? Every day hundreds of companies like yours rely on our unique blend of products, services and low prices. We've made a difference for them and we'll do the same for you.

***WE DO IT BEST...for you!***
